

# Famjet TL300DK

Hp® High Resolution TIJ printer  
No maintenance needed  
Low cost & Reability

# Android system 3.5" LCD and touch screen

## Hp® High Resolution TIJ printer

The swing Brackets ensure always top printing quality even in very difficult installations. Compare with Piezo technology disposable 42ml cartridge provides always a brand new printhead in the system. The daily maintenance is very simple and easy to make.

## Android System and Touch 3.5"

The simple Android touch screen control menu is easy to navigate, making message creation nice and easy. It is possible to have Variable data with automatic dates ,counter fields, logos and barcodes. The printing resolution, up to 750 dpi, provides excellent barcodes and logos readability, including 2D codes.

## Non porous surfaces

The printer cartridge is based on thermal bubble inkjet technology. HP ®45 cartridge is used in many desktop printers , high volume production guarantees high performances and lower the costs. Bulk solution reduces the cost for print. Solvent ink type is aviable for no porous substrates.

## Specifications:

Printing height:  
up to 25mm,  
with the Dual pen stally
