

Innovationen & Lösungen - Hygienegerechtes Maschinenkonzept

Schneiden & Robotics: **Ultraschall – Vibration – Schneidtechnologie**
Pick & Place – Verpacken - Dekorieren

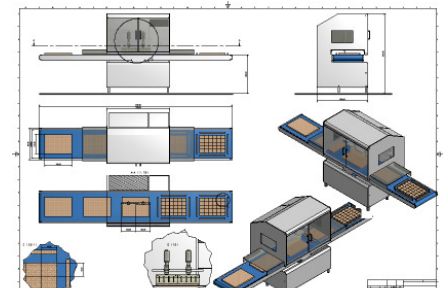

Ultraschallschneideanwendungen mit 20 kHz und 30 kHz Technologie

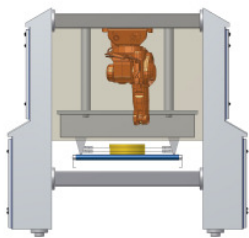

Vibrationsschneiden

Type:100

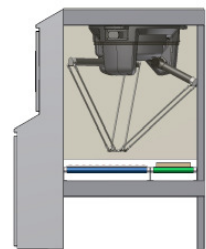

Type: U - 200

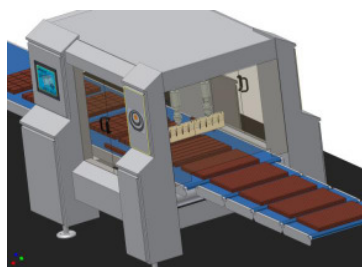

Horizontalschneiden

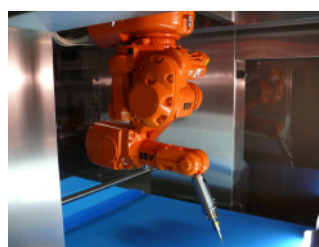

Type: U - 300

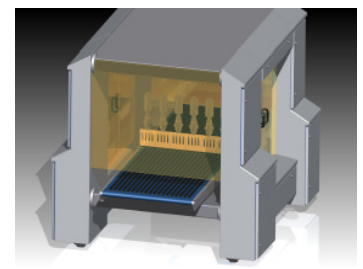

Pick & Place

Ultraschallschneiden von Kuchenplatten

Schneiden mit Roboter

Ultraschallquerschneider
